

Subject: Academic Preparation and Guidelines for Grade 10 Students

Dear Parents,

Greetings from Woodlem Park Al Hamidiya Private School!

This circular is regarding the academic progress and preparation of our Grade 10 students for the upcoming examinations.

We would like to inform you that the completion of the Grade 10 syllabus is planned by the end of October. Following this, the school will focus extensively on preparing students for their Pre-Board Examinations. As Grade 10 is a crucial academic year, we request your active support and involvement in your child's preparation.

Important Guidelines

1. Review PT-1 Performance

Once the PT-1 assessment results are available, kindly analyze your child's performance carefully. Identify the subjects and topics where your child faced difficulties and requires additional support. This analysis will help in planning focused revision and improvement strategies.

2. Structured Study Schedule During the Break

We encourage parents to create a study timetable for the break period. Students should dedicate at least two hours daily towards:

- Revision of completed portions
- Preparation for the Half-Yearly Examination
- Strengthening weak areas identified through PT-1 performance
- Regular practice and reinforcement of concepts

3. Regular Communication with Teachers

Please stay in regular contact with subject teachers and class teachers to understand your child's academic progress, strengths, and areas that need improvement.

4. Examination Timeline

The examination schedule is being shared along with this circular. Kindly ensure that both you and your child are fully aware of the important dates and timelines so that preparation can be planned effectively.

5. Attendance Requirement

As per CBSE guidelines, students must maintain a minimum of 90% attendance to be eligible to appear for examinations. We request parents to monitor attendance closely and avoid unnecessary absences.

6. Fee Clearance

Timely fee clearance is mandatory. Pending fees may result in delays in receiving report cards and other academic records, which are essential for monitoring your child's progress and performance.

Your partnership and support play a vital role in ensuring the success of our students. Together, let us help our children stay focused, disciplined, and well-prepared for the challenges and opportunities of Grade 10.
